

PROFESSIONAL SUMMARY

Results-driven Python Django Developer with hands-on experience in building scalable, secure web applications and automation tools. Strong expertise in Django, PostgreSQL, REST APIs, and third-party integrations. Passionate about clean backend architecture, performance optimization, and real-world problem solving. Fast learner with strong debugging and analytical skills.

TECHNICAL SKILLS

Backend Development

- Python, Django, Django ORM, MVT Architecture
- RESTful APIs, Authentication & Authorization

Databases

- PostgreSQL, MongoDB

Frontend (Working Knowledge)

- HTML, CSS, Bootstrap, JavaScript, Sass

Tools & Libraries

- Git, GitHub, Postman
- Pandas (CSV handling, data manipulation)
- OpenCV, PyZbar, smtplib

Others

- API Integration (Google OAuth, Google Drive API)
- Automation Scripts
- Basic ML tools (Whisper, Torch)

PROFESSIONAL EXPERIENCE

Python Django Developer Intern

Brototype Private Limited (Training Program)  April 2023 – March 2024

- Developed and maintained Django-based web applications following MVT architecture
- Built a full-stack e-commerce website using Django and PostgreSQL as part of the internship program
- Designed REST APIs and integrated third-party services
- Optimized database queries and schema design using PostgreSQL
- Implemented secure authentication and authorization mechanisms
- Collaborated with mentors and peers to debug, refactor, and improve application performance
- Recognized as Best English Communication Lead, supporting peers, leading discussions, and improving team communication

ACHIEVEMENTS & LEADERSHIP

- Recognized as Best English Communication Lead at Brototype for strong communication, mentoring, and peer support
- Received appreciation in the form of a T-shirt for contribution to team coordination and communication initiatives

PROJECTS

GREATEKART – E-COMMERCE - DJANGO & POSTGRESQL

- Developed a full-stack e-commerce application with user authentication, product management, cart, and order workflow
- Implemented backend logic using Django ORM and responsive UI using Bootstrap [GitHub](#) | [Demo](#)

CAR FOR ALL – DJANGO, GOOGLE MAPS API

- Built a platform for car rental and selling with filtering, image uploads, and location-based services
- Integrated Google Maps API for location features [GitHub](#) | [Demo](#)

DJANGO GOOGLE CONNECT – DJANGO, GOOGLE OAUTH, GOOGLE DRIVE API

- Implemented Google OAuth 2.0 authentication
- Enabled secure file uploads using Google Drive API [GitHub](#) | [Demo](#)

BULK CV MAILER – PYTHON, PANDAS, SMTP

- Automated resume email sending using CSV-based recipient data
- Reduced manual effort in bulk job applications [GitHub](#) | [Demo](#)

AUTOSPEECH2TEXT – FLASK, WHISPER, TORCH

- Built a speech-to-text web application for audio/video files
- Implemented transcription using Whisper [GitHub](#) | [Live \(CORS Error\)](#)

GENAI HELPER (WIP) – PYTHON, LLMs

- Developing an open-source AI assistant for PDFs, resumes, and legal documents [GitHub](#)

EDUCATION

B.E. – Electronics and Communication Engineering
Excel College of Engineering and Technology
Anna University, Chennai

 Aug 2010 – May 2014
